# About Al-Nafi College

Al-Nafi College of Technology is a modern vocational and IT training institute offering Technical Training Board (TTB) Peshawar-affiliated programs along with professional certifications in Information Technology, design, programming, AI and online business. Our mission is to bridge the skills gap and prepare students for local jobs, government employment and freelancing on global platforms.

## Why Choose Us

- TTB Peshawar-affiliated AutoCAD and 1-Year DIT programs
- Hands-on, project-based learning in modern computer labs
- Qualified, industry-experienced faculty
- Career and freelancing guidance (Fiverr, Upwork, eBay, Etsy)
- Affordable fees with easy installment options
- Scholarships for deserving and top-scoring students
